

## **Our schedule (still to be confirmed)**

### **09:00 - 09:55 - VIP breakfast**

By invitation.

### **10:00 - Official opening**

You'll be guided through the festival, and will get to explore the festival campus, with health-tech product demonstrations, bespoke networking opportunities, and more. Full details to follow in the coming weeks.

### **10:10 - 12:30 - Keynote presentations**

A lively, informed, engaging and tightly curated session of 10-minute keynote talks, from key figures in health-tech. Full details to follow in the coming weeks on our [Speakers](#) page.

### **12:30 - 13:25 - Networking picnic lunch**

Your ticket will include a lunch voucher, for a nutritious and tasty vegetarian picnic lunch. But we want you to make new friends, so we'll redeem vouchers only when presented in groups of at least 4 (which means you'll get to meet fellow THE FIX participants!)

### **12:30 - 13:25 - VIP private lunch**

By invitation.

### **13:30 - 15:00 - Unconference sessions [and] Six-Minute Ideas [and] NHS Reverse Pitch**

THE FIX's "unconference" is powered by you. Propose and lead 40-minute sessions—workshops, talks, demos, or anything you're passionate about. Pitch your idea from the main stage and fill one of eight festival slots. It's a crowd-sourced, creative space for bold thinking. [and] Six-Minute Ideas: A fast-paced stage for sharing quick, punchy ideas—no slides, just sharp thinking. We'll pre-schedule speakers and provide a moderator. [and] the NHS Reverse Pitch: Hear direct problems from NHS leaders, then join forces with fellow innovators to craft and pitch impactful solutions that could drive real change.

## **Our schedule (still to be confirmed) - continued**

### **15:00 - 15.55 - Startup pitch battle [and] Ask Me Anything - meet the decision-makers**

You have a choice this hour: Be a dragon and evaluate five-minute pitches from 10 selected health-tech startups that are currently fundraising. AND Meet some of the key decision-makers in health-tech for a relaxed and open Ask Me Anything session. AND Hear real challenges directly from health-service leaders, then team up with fellow innovators to brainstorm, design, and pitch bold solutions. This is your chance to drive real change—improving patient care and cutting healthcare costs through creative collaboration.

### **16:00 - 16:55 - Conversation Circles**

Join a moderated discussion led by an expert. Topics include ‘Integrating medtech: real-world lessons, challenges and “hacks”’, ‘How not to fail as a startup working with the health system’, and ‘Trends and innovations in fem-tech’.

### **17:00 - 18:25 - Workshops & speed networking**

You’ll have a choice of 40-minute workshops to participate in, led by VOYAGERS with specialist skills to share. There will also be speed-networking sessions, based on participants’ mutual interests (which we’ll collect in advance).

### **18:30 - 22:00 - Networking party, music performances & food trucks**

Enjoy a wide range of entertainment and continue networking until later in the evening. Do you want to perform? Tell [david@voyagers.io](mailto:david@voyagers.io)

### **22:00 - Official close; shuttles to Didcot Parkway train station**

## **All-day activities**

### **Tours of Harwell Science Campus**

Tours of Harwell Campus led by the people that know it best.

### **Product demonstrations**

High-fidelity organ models, headbands for menstrual pain and mood relief, cold plunges, and more.

### **Book-lovers' exchange**

Bring a book that has inspired you; take away a book that inspired a fellow festival-goer.

### **Music performances**

An evening of music performances — including Senegalese drumming, acoustic and DJ sets, and the VOYAGERS Festival Band.

### **Art commissions**

Displays by artists exploring health themes.

### **Bespoke speed networking**

THE FIX is all about making magical connections. We curated meetings we thought you would find valuable.

### **Office hours**

One-on-one meetings between founders, investors, regulators and more.

## **Women's health tent schedule**

### **13:30 - Introduction session**

Introducing the programme for the day and the key theme: the information gap.

### **13:45 - The FemTech Innovations Circle**

FemTech is transforming women's health. What will define the next wave of innovations as the sector matures, scales, and integrates more deeply into mainstream medicine? Let's talk to innovators at different points of their own femtech journey.

### **14:30 - C-section in the Age of Personalised Medicine**

Exploring how emerging research and patient-centered approach can transform C-sections from reactive surgery into proactive, holistic care.

### **15:00 - The New Age of Data in Women's Health**

Women's health has entered its data-driven age. From menstrual apps to genomic platforms, let's dive into the new ways to look into female wellness and health.

### **15:30 - Vagina Workout**

Led by MUTU System, rooted in science, and delivered with laughs and beats, pelvic floor health is about way more than squeezing. This functional, no-BS session combines movement and real-talk education to help you understand how your whole-body core system supports everything down there. It's everything your vagina wishes you knew.

### **16:00 - Designing HealthTech with Women in Mind**

A conversation about how healthcare and health-tech have historically overlooked women's needs, and how we can build more inclusive, human-centered solutions going forward. We'll discuss practical ways to design better products, services, and systems that truly serve women.

## **Women's health tent schedule - continued**

### **16:30 - The Future of Human Fertility**

As society's relationship with family-building evolves, the latest scientific breakthroughs, diagnostic tools and therapeutics are poised to completely redesign the field of fertility. Join Jordan Abdi, Co-founder of U-Ploid.

### **17:00 - Female Longevity Salon**

Reimagining ageing for women through fresh perspectives and cutting-edge solutions.

### **17:30 - Closing session**

Looking at the future of female health and sharing takeaways from the day.
